Alternative Service Experience, or ASE, is a community of people who prefer to spend some of their time away from classes exploring a variety of social issues while working shoulder to shoulder with communities across the globe. Whether during winter or spring break, these programs create deeper connections between your classroom work and the communities of the world. In short, ASE participants find enjoyment in learning about new cultures and doing service alongside other communities.

Each International ASE program is a Pass/Fail, ONE CREDIT Service-Learning CLASS. Each International ASE course is planned and led by two student leaders called Peer Leaders. The courses consist of the Peer Leaders, student participants, and one faculty member serving as the Learning Partner. In 2016-2017 there were 5 International ASE courses serving such issues as sustainable development, education, poverty, and community outreach in Costa Rica, Dominican Republic, Ecuador, Nicaragua, and Belize.

Flying Domestic programs are NOT for credit. They take place over Winter and Spring Break. In 2016-2017 there were 4 Flying Domestic ASEs serving such issues as HIV/AIDS, poverty, and national park preservation in California, St. John, and Puerto Rico.
