

# Registration: NUS Global Citizen Conference 2019 (Participants)

Thank you for expressing interest to be a participant in the upcoming NUS Global Citizen Conference which is organised by the NUSSU Global Relations Unit (NUSSU GRU).

The National University of Singapore (NUS) Students' Union Global Relations Unit (NUSSU GRU), is organising the NUS Global Citizen Conference (NGCC) 2019 – a 7-day international conference held at NUS with the aim of cultivating a Global Citizen mindset in today's youths. Our theme this year is Equality and Justice and it will involve stakeholders from Non-Governmental Organisations (NGOs), Social Entrepreneurs, Academics and speakers from various fields.

Dates: 23rd June 2019 to 29th June 2019

Venue: National University of Singapore (NUS), Singapore [University Town]

Sign up now to enjoy early bird pricing:

NUS Undergraduates (with Accommodation): \$100

NUS Undergraduates (without Accommodation): \$30

Local Non-NUS Undergraduates (with Accommodation): \$120

Local Non-NUS Undergraduates (without Accommodation): \$50

International Students (Compulsory Accommodation): \$190

## WHY YOU SHOULD ATTEND:

Engage in critical discussions of pressing issues and exchange good practices, knowledge, experiences and ideas from diverse perspectives

Be equipped with change-making tools by various stakeholders

Network with and gain insights from speakers, NGOs and industry insiders

Create a tangible and meaningful team project during the conference

Form lasting local and international friendships

---

## About GRU

The Global Relations Unit (GRU) is a student volunteer unit that aims to increase NUS's global recognition by hosting international university students to NUS. GRU exists as a bridge between NUS students and the global community while providing students with an opportunity to make international friends as well as broaden their horizons through interactions and networking.

## About the Conference

With an increasingly integrated and interconnected world, there is an urgent need for people to exercise more individual agency to resolve the multifaceted issues of the global community today. In order to cultivate a global mindset, it is critical to expose today's youth to the cultures and social challenges faced by different communities. The NUS Global Citizen Conference 2019 with the theme of Equality and Justice examines these issues and their complexities and challenges in detail. The four key global topics are: Consumer and the Environment, Food Security and Hunger, Gender Inequality in the Workplace, Human Trafficking and Modern Slavery.

Our goal is that through discourse as well as the sharing of ideas and best practices, participants will gain an increased awareness of global issues and explore the opportunities available for youths to enact change, and come up with implementable solutions that have a lasting impact.
